

flowers & arrangements

WHY USE FARM FRESH FLOWERS FOR YOUR EVENT?

- *Less expensive than using a traditional florist.*
- *Flowers picked at their peak of freshness for your event*
- *Great variety of sizes and colors.*
- *Bouquets and arrangements designed as you envision.*
- *No chemicals used on the flowers, so no chemicals to harm your dress.*
- *Make your Vermont wedding completely Vermont grown.*
- *By supporting our farm you are promoting Vermont's agricultural landscape that we all enjoy.*

Farm fresh flower offerings - from bulk flower options to custom arrangements.

What could be more beautiful than the first flowers of Spring? Color covers our hillside from mid April to mid October. Come wander through our gardens and watch the seasons change and the shades of color multiply. We raise over 100 varieties of annuals and perennials in our fields allowing us to focus on specialty cut, garden fresh flowers for all occasions. Come tour our gardens in Monkton, VT and choose the color combinations you like, or let us surprise you. We offer everything from our bulk "Weddings in a Bucket" program, to full service arrangements and delivery.

CUSTOM ARRANGEMENTS

We'd love to hear your vision for the flowers on your special day and talk about what we can create for you. Do you just love Vermont color and are not sure exactly what you want? No problem, we'll enjoy designing something unique to be the perfect finishing touch for your tastes and your venue. We have many pictures and ideas to give you inspiration.

Would you like garden fresh flowers arranged to perfection without the price of a full-service florist? When you buy direct from the grower you are ensured the highest quality flowers without the retail cost mark up.

New Leaf Organics is a woman-owned farm, owned by Jill Kopel. The flowers are grown with the love of many hands.

FLOWERS in a BUCKET

Do you need bulk loose flowers to jazz up your event? Ask us to cut you buckets of flowers, bursting with color, that you can use to add your own touch, or supplement your garden flowers.

Check our website or call for pricing.
