*\*Each week your share of our harvest can be picked up at the farm*

Wednesday afternoons from 3-6. **You are welcome to pick from our flower gardens as part of your membership.** We welcome and hope that you will come each week to pick up your share. We do our best to ensure a wide variety or high-quality food for your family and ours. Please recognize that we are at the whim of Mother Nature and cannot plan for natural events beyond our control, though we do try our best. Your membership dollars do not carry over from season to season, so Eat Up!

If you have any questions, please email me at [newleaf@gmavt.net](mailto:newleaf@gmavt.net).

Fresh Seasonal Produce  
from our Farm  
[newleaf@gmavt.net](mailto:newleaf@gmavt.net)

# Are you interested in eating fresh, organic veggies all season?

## Do you like knowing that your food is grown close to home?

Now is the time to join our **CSA (Community Supported Agriculture)** program and keep your food dollars in your community!! We are now in our 12th year growing fresh organic vegetables, berries, and flowers for people like you. Our CSA allows us the privilege to meet all the people eating our food and to ensure that our customers receive the highest quality product direct from our farm. In addition to the health benefits from being a member, as you stroll through our gardens picking flowers and herbs you can feel good that you are helping to keep New Leaf Organics a viable farm.

### How Does It Work?

Each week your share of our harvest can be picked up at the farm Wednesday afternoons from 3-6. Every Wednesday afternoon during these weeks you will find a great selection of fresh stuff harvested all for our members. **You can choose what you like to take each time, with a few exceptions, and that way you know it will all get enjoyed.** Our online recipes and newsletter will help you be a little more creative with new vegetables, or help you to really take advantage of our bounty in new and different ways.

**Convenience:** We welcome and hope that you will come each week to pick up your share. If you are planning a vacation, you can let us know and choose to stock up before you go or take extra when you return. This way you know that you are not losing value while you are away. You can always gift your weekly share to a friend or a house or pet sitter as a thank you.

**Compatibility:** We offer two levels of membership in our CSA. You can choose to join on one or both levels, depending on your summer schedule. Our **School Season Share** runs for 12 weeks from mid-June to late August. The cost is \$280. Our **Glory Harvest Share** runs for 7 weeks and begins early September, running through October 17th. The cost is \$160. **If you choose both shares you can deduct a discount of \$10 off your membership.**

**Affordability:** Joining our CSA is a great way to buy locally grown food **AFFORDABLY**. As a member, you receive a 10-12% discount off of our retail prices all season long. The share averages out to \$22.50 each week of produce. We recognize that some weeks you will want

less and some you will want more, and that it is up to you to choose how to spend your farm food dollars. **If you already have a garden at home your csa share can be a great way to stock up on food for preserving or processing for winter use. You can also choose to just grow the things you like to grow and let us grow the rest!**

**Flowers:** As a member you have the added bonus of picking your own flowers from our extensive gardens each week. Be the star in your house by bringing flowers home every week!

**Sign up deadlines:** Please sign up as early as possible as we are only offering a limited number of memberships this season. The sign up sheet is on the other side of this flyer. You can also visit our website [www.newleaforganics.org](http://www.newleaforganics.org) for more info.

Please let us know if you have any questions. As always, your commitment to our farm and to eating locally helps keep New Leaf a viable farm. Your participation in the CSA makes it possible for us to keep our land in production: growing fresh and healthy vegetables for our neighbors. We look forward to our 12th year growing together!

Be Well,  
Jill, Skimmer, Ruby, Ada, Abe,  
and other undetermined crew members
